**Oceanside Village Residents**—Over the past couple of years it has become evident that many of our homeowners are securing additional key cards to allow friends and family access into Oceanside Village to use our amenities, including the beachfront parking lot, thus circumventing our security system. As a result of these violations we will be updating our Rules & Regulations and revisiting our key card program for residents, vacation renters and snowbirds. Additional key cards may be purchased in the future but the number will be limited and there will be a small non-refundable fee associated with each purchase over and above the standard two cards each homeowner would normally receive. We simply want to give you some advance notice on this new policy and procedure that should be implemented in March.
